

## FY 2021 SPM HDX 1.0

This measures the number of clients active in the report date range across ES, SH (Metric 1.1) and then ES, SH and TH (Metric 1.2) along with their average and median length of time homeless. This includes time homeless **during** the report date range as well as **prior** to the report start date, going back no further than October, 1, 2012.

**Metric 1.1:** Change in the average and median length of time persons are homeless in ES and SH projects.

**Metric 1.2:** Change in the average and median length of time persons are homeless in ES, SH, and TH projects.

a. This measure is of the client's entry, exit, and bed night dates strictly as entered in the HMIS system.

		Universe (Persons)		Average LOT Homeless (bed nights)			Median LOT Homeless (bed nights)		
		Submitted FY 2020	FY 2021	Submitted FY 2020	FY 2021	Difference	Submitted FY 2020	FY 2021	Difference
1.1	Persons in ES and SH	577	1312	47	36	-11	28	16	-12
1.2	Persons in ES, SH, and TH	736	1521	148	89	-59	42	27	-15

b. This measure is based on data element 3.17

This measure includes data from each client's Living Situation (Data Standards element 3.917) response **as well as time spent in permanent housing projects between Project Start and Housing Move-In**. This information is added to the client's entry date, effectively extending the client's entry date backward in time. This "adjusted entry date" is then used in the calculations just as if it were the client's actual entry date.

1.2	Persons in ES, SH, TH, and PH (prior to "housing move in")	1378	2269	311	305	-6	153	116	-37

This measures clients who exited SO, ES, TH, SH or PH to a permanent housing destination in the date range two years prior to the report date range. Of those clients, the measure reports on how many of them returned to homelessness as indicated in the HMIS for up to two years after their initial exit.

After entering data, please review and confirm your entries and totals. Some HMIS reports may not list the project types in exactly the same order as they are displayed below.

For CoCs that did not conduct a full or partial unsheltered count in 2021, HUD the fields have been left blank.
